

HAZARDOUS AREAS AWARENESS

offered in partnership with a leading Australian Registered Training Organisation (RTO)

DURATION	eLearning
PREREQUISITES	Nil

WAZP Group, in partnership with a leading Australian Registered Training Organisation (RTO), offers this certified accredited course in South East Asia.

WHAT THIS COURSE DELIVERS

This course provides an introduction to the concepts regarding hazardous areas. It covers:

- An overview of the legislative requirements and Australian Standards that are relevant to hazardous areas
- An introduction to explosion-protected equipment
- Explanations of how to read hazardous area classification drawings and interpret equipment markings

This eLearning package incorporates multimedia elements to make the course engaging for students. Assessments are presented and completed by students at different points throughout the training to ensure that learning outcomes have been met.

This course does not include any formal competencies.

WHO SHOULD ATTEND

This course is suitable for anyone working in a hazardous area, including leaning staff, HSE staff, trade personnel and management.

PREREQUISITES

This course is an awareness course only and has no prerequisites. A Statement of Completion is issued on successful course completion.
