

HIGH VOLTAGE SWITCHING OPERATIONS - REFRESHER

offered in partnership with a leading Australian Registered Training Organisation (RTO)

DURATION	2 days
PREREQUISITES	Electrical Licence and prior completion of equivalent high voltage switching training

WAZP Group, in partnership with a leading Australian Registered Training Organisation (RTO), offers this certified accredited course in South East Asia.

WHAT THIS COURSE DELIVERS

The High Voltage Switching Operations Refresher course focuses on the practical components of the five day course, particularly on the duties of a High Voltage Switching Operator. It refreshes the principles of the following:

- Writing and checking switching programs
- Access Permit procedures
- Practical switching activities
- Updates and amendments to Standards
- and/or legislation are also reviewed

WHO SHOULD ATTEND

This course is intended as a periodic refresher for electrical workers who have previously completed equivalent training. In accordance with the industry guidelines that High Voltage Switching Operators maintain currency in units of switching, we recommend that this high voltage training course is refreshed every 2-3 years.

UNITS OF COMPETENCY

UEPOPS349B	Operate Local H.V. switchgear
UEPOPS428B	Develop H.V. switching programs
UEPOPS456A	Perform switching to a switching program
UEPOPS525A	Coordinate and direct switching program

AND/ OR The following Units of Competency

UETTDREL16A	Working safely near live electrical apparatus
UETTDRI544A	Perform HV field switching operation to a given schedule
UETTDRI548A	Develop High Voltage switching schedule
UETTDRI50A	Coordinate power system permit procedures
UETTDRI51A	Coordinate and direct power system switching schedules
UETTDRI67A	Solve problems in energy supply network equipment
UETTDRI39A	Perform power system substation switching operation to a given schedule

Students are involved in a range of practical activities throughout the training, including writing and checking switching programs, and performing remote and local high voltage switching activities in our purpose-built high voltage switching training centres.

PREREQUISITES

An Electrical Licence and evidence of prior training in the equivalent units of competency is generally required in order for a student to be issued with a Statement of Attainment for all units of competency. A Statement of Attainment can only be issued for units that a student has previously attained.

Please contact us for more information or to discuss your eligibility.

YOUR OPTIONS

If you have completed High Voltage Switching Operations Training which is not nationally recognised, you may still be able to have your skills recognised. You will need to attend Refresher Training and complete a Recognition of Prior Learning (RPL) pack to provide evidence of your relevant skills.

Please contact us for more information and pricing on this option.
