

HIGH VOLTAGE ISOLATION FOR ACCESS

offered in partnership with a leading Australian Registered Training Organisation (RTO)

DURATION	3 days
PREREQUISITES	Electrical Licence or equivalent

WAZP Group, in partnership with a leading Australian Registered Training Organisation (RTO), offers this certified accredited course in South East Asia.

WHAT THIS COURSE DELIVERS

This course is intended for electrical workers who are carrying out high voltage switching operations under the direction of an approved High Voltage Switching Operator.

This course covers:

- An overview of the relevant legislation and Australian Standards
- An introduction to the hazards associated with high voltage switching
- Precautions to take when performing high voltage switching
- How to safely isolate high voltage equipment for mechanical or production maintenance, (i.e. not for electrical access purposes).
- Practical demonstration of switching activities.

WHO SHOULD ATTEND

Electrical workers who are entering the high voltage industry, working under high voltage access permits, or assisting in the isolation of high voltage equipment for the issue of a high voltage access permit.

UNITS OF COMPETENCY

UEPOPS349B	Operate local H.V. switchgear
UEPOPS357B	Operate local L.V. switchgear
UEPOPS456A	Perform switching to a switching program

AND/OR the following units of competency

UETTDREL16A	Working safely near live electrical apparatus
UETTDNIS44A	Perform HV field switching operation to a given schedule
UETTDNIS67A	Solve problems in energy supply network equipment
UETTDNIS39A	Perform power system substation switching operation to a given schedule
UETTDNIS09B	Apply access procedures to work on or near electrical network infrastructure

Students are involved in a range of practical activities throughout the training, including performing practical switching activities to a given switching program in our purpose-built high voltage switching training facilities.

PREREQUISITES

An Electrical Licence is required in order for a student to be issued with a Statement of Attainment for all units of competency.

Students who do not have an Electrical Licence are eligible for a Statement of Attainment for the units from the Electricity Supply Industry - Generation Sector Training Package.

Please contact us for information and to confirm your eligibility.

OUR OPTIONS

This 3 day course can be delivered at our location or at a client's site.

This course does not include writing Switching Programs or issuing High Voltage Permits. If this is required, our 5-day High Voltage Switching Course is recommended. If this course has already been completed, bridging training can be arranged.

Please contact us for more information and pricing.
